| Host                                           | Rabbit                                                                                                                                                                                                                                                                                     |
| Reactivity                                     | Human, Mouse, Rat                                                                                                                                                                                                                                                                          |
| Clonality                                      | Polyclonal                                                                                                                                                                                                                                                                                 |
| Purity/Purification                            | Affinity purified                                                                                                                                                                                                                                                                          |
| Form/Format                                    | PBS, pH 7.4 with 0.02% Sodium Azide                                                                                                                                                                                                                                                        |
| Concentration                                  | 1.0 mg/ml (varies by lot)                                                                                                                                                                                                                                                                  |
| Applicable Applications for anti-LCA5 antibody | IHC (Immunohistochemistry), WB (Western Blot), ELISA                                                                                                                                                                                                                                       |
| Immunogen Type                                 | Recombinant Protein                                                                                                                                                                                                                                                                        |
| Immunogen Description                          | Rabbit polyclonal LCA5 (1) antibody was raised against a recombinated human LCA5 protein 37-222aa (BC050327).                                                                                                                                                                              |
| Target Name                                    | LCA5                                                                                                                                                                                                                                                                                       |
| Preparation and Storage                        | This product is stable for several weeks at 4 degree C as an undiluted liquid. Dilute only prior to immediate use. For extended storage, aliquot contents and freeze at -20 degree C or below. Avoid cycles of freezing and thawing. Expiration date is one (1) year from date of receipt. |

### IMAGES

Application Data

**Immunohistochemical staining of formalin-fixed paraffin-embedded fetal pancreas showing cytoplasmic staining with anti-LCA5 antibody at a dilution of 1/100**

Application Data

ADDITIONAL INFORMATION
