

## Rabbit PALD1 Polyclonal Antibody | anti-PALD1 antibody

PALD1 Polyclonal Antibody

|                               |                       |                                        |                                                         |
|-------------------------------|-----------------------|----------------------------------------|---------------------------------------------------------|
| CATALOG #<br><b>AAA311141</b> | HOST<br><b>Rabbit</b> | REACTIVITY<br><b>Human, Mouse, Rat</b> | APPLICATIONS<br><b>Immunofluorescence, Western Blot</b> |
|-------------------------------|-----------------------|----------------------------------------|---------------------------------------------------------|

### PRODUCT SYNONYMS

PALD1; Polyclonal Antibody; PALD1 Polyclonal Antibody; KIAA1274; PALD; paladin; anti-PALD1 antibody

### PRODUCT SPECIFICATIONS

|                                                 |                                                          |
|-------------------------------------------------|----------------------------------------------------------|
| Host                                            | Rabbit                                                   |
| Reactivity                                      | Human, Mouse, Rat                                        |
| Clonality                                       | Polyclonal                                               |
| Isotype                                         | IgG                                                      |
| Purity/Purification                             | Affinity purification                                    |
| Form/Format                                     | PBS with 50% glycerol, pH7.4                             |
| Applicable Applications for anti-PALD1 antibody | IF (Immunofluorescence), WB (Western Blot)               |
| Immunogen                                       | Recombinant fusion protein of human PALD1 (NP_055246.2). |
| Conjugation                                     | Unconjugated                                             |
| Preparation and Storage                         | Store at -20 degree C. Avoid freeze/thaw cycles.         |

### IMAGES

**IF (Immunofluorescence)**

Immunofluorescence analysis of L929 cells using PALD1 Polyclonal Antibody.

**WB (Western Blot)**

Western blot analysis of extracts of various cell lines, using PALD1 antibody.

### ADDITIONAL INFORMATION

|                                                   |                  |
