

## Rabbit Cadherin28 Polyclonal Antibody | anti-CDHR3 antibody

Cadherin28 Polyclonal Antibody FITC Conjugated

| CATALOG # | HOST   | REACTIVITY        | APPLICATIONS                            |
|-----------|--------|-------------------|-----------------------------------------|
| AAA313112 | Rabbit | Human, Mouse, Rat | Immunofluorescence, Immunocytochemistry |

### PRODUCT SYNONYMS

Cadherin28; Polyclonal Antibody; Cadherin28 Polyclonal Antibody FITC Conjugated; anti-CDHR3 antibody

### PRODUCT SPECIFICATIONS

|                                                 |                                                                   |
|-------------------------------------------------|-------------------------------------------------------------------|
| Host                                            | Rabbit                                                            |
| Reactivity                                      | Human, Mouse, Rat                                                 |
| Clonality                                       | Polyclonal                                                        |
| Purity/Purification                             | Affinity purified by Protein A                                    |
| Form/Format                                     | 0.01M TBS (pH7.4) with 1% BSA, 0.03% Proclin300 and 50% Glycerol. |
| Applicable Applications for anti-CDHR3 antibody | IF (Immunofluorescence), ICC (Immunocytochemistry)                |
| Conjugation                                     | FITC                                                              |
| Immunogen Type                                  | 101-200/885                                                       |
| Target Name                                     | Cadherin28                                                        |
| Preparation and Storage                         | Store at -20°C for one year. Avoid repeated freeze/thaw cycles.   |

### ADDITIONAL INFORMATION

|                                                   |                                               |

### NCBI AND UNIPROT INFORMATION

|                                  |                                                 |
|----------------------------------|-------------------------------------------------|
| NCBI GI #                        | <a href="#">667667684</a>                       |
| NCBI GeneID                      | <a href="#">222256</a>                          |
| NCBI Accession #                 | <a href="#">NP_001288090.1</a>                  |
| NCBI GenBank Nucleotide #        | <a href="#">NM_001301161.1</a>                  |
| UniProt Accession #              | <a href="#">Q6ZTQ4</a> ; <a href="#">Q8TCI7</a> |
| Molecular Weight                 | Calculated MW: 96                               |
| NCBI Official Full Name          | cadherin-related family member 3 isoform 2      |
| NCBI Official Synonym Full Names | cadherin related family member 3                |
| NCBI Official Symbol             | CDHR3                                           |
| NCBI Official Synonym Symbols    | CDH28                                           |
| NCBI Protein Information         | cadherin-related family member 3                |

|                            |                                  |
|----------------------------|----------------------------------|
| UniProt Protein Name       | Cadherin-related family member 3 |
| UniProt Gene Name          | CDHR3                            |
| UniProt Synonym Gene Names | CDH28                            |

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
