## PRODUCT SYNONYMS

NTPCR; Polyclonal Antibody; NTPCR Rabbit Polyclonal Antibody; C1orf57; HCR-NTPase; anti-NTPCR antibody

## PRODUCT SPECIFICATIONS

|                                                 |                                                           |
|-------------------------------------------------|-----------------------------------------------------------|
| Host                                            | Rabbit                                                    |
| Reactivity                                      | Human, Mouse                                              |
| Clonality                                       | Polyclonal                                                |
| Isotype                                         | IgG                                                       |
| Purity/Purification                             | Affinity purification                                     |
| Form/Format                                     | Buffer: PBS with 0.02% sodium azide, 50% glycerol, pH7.3. |
| Applicable Applications for anti-NTPCR antibody | IF (Immunofluorescence), WB (Western Blot)                |
| Immunogen                                       | Recombinant fusion protein of human NTPCR (NP_115700.1).  |
| Preparation and Storage                         | Store at -20 degree C. Avoid freeze/thaw cycles.          |

## IMAGES

### WB (Western Blot)

Western blot analysis of extracts of various cell lines, using NTPCR at 1:1000 dilution.

### IF (Immunofluorescence)

Immunofluorescence analysis of L929 cells using NTPCR at dilution of 1:100. Blue: DAPI for nuclear staining.

## ADDITIONAL INFORMATION

| NCBI Protein Information         | cancer-related nucleoside-triphosphatase; NTPase; human cancer-related NTPase; nucleoside-triphosphatase C1orf57; nucleoside triphosphate phosphohydrolase |
| UniProt Protein Name             | Cancer-related nucleoside-triphosphatase                                                                                                                   |
| UniProt Gene Name                | NTPCR                                                                                                                                                      |
| UniProt Synonym Gene Names       | C1orf57; NTPase                                                                                                                                            |
| UniProt Entry Name               | NTPCR_HUMAN                                                                                                                                                |

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
