

## Rabbit anti-Human, Rat ZNF839 Polyclonal Antibody | anti-ZNF839 antibody

ZNF839 Antibody

| CATALOG # | HOST   | REACTIVITY | APPLICATIONS                              |
|-----------|--------|------------|-------------------------------------------|
| AAA322712 | Rabbit | Human, Rat | ELISA, Immunohistochemistry, Western Blot |

### PRODUCT SYNONYMS

ZNF839; Polyclonal Antibody; ZNF839 Antibody; C14orf131; C14orf131 protein; Chromosome 14 open reading frame 131; FLJ11132; Hypothetical protein LOC55778; Renal carcinoma antigen NY-REN-50; Zinc finger protein 839; Zinc finger protein C14orf131; ZN839\_HUMAN; anti-ZNF839 antibody

### PRODUCT SPECIFICATIONS

|                                                  |                                                                                               |
|--------------------------------------------------|-----------------------------------------------------------------------------------------------|
| Host                                             | Rabbit                                                                                        |
| Reactivity                                       | Human, Rat                                                                                    |
| Clonality                                        | Polyclonal                                                                                    |
| Isotype                                          | IgG                                                                                           |
| Specificity                                      | ZNF839 antibody detects endogenous levels of total ZNF839                                     |
| Purity/Purification                              | The antiserum was purified by peptide affinity chromatography using SulfoLink Coupling Resin. |
| Form/Format                                      | Liquid<br>Phosphate buffered saline, pH 7.4, 150mM NaCl, 0.02% sodium azide and 50% glycerol. |
| Concentration                                    | 1mg/ml (varies by lot)                                                                        |
| Sequence Length                                  | 811                                                                                           |
| Applicable Applications for anti-ZNF839 antibody | ELISA, IHC (Immunohistochemistry), WB (Western Blot)                                          |
| Immunogen                                        | A synthesized peptide derived from human ZNF839                                               |
| Conjugation                                      | Unconjugated                                                                                  |
| Preparation and Storage                          | Store at -20 degree C. Stable for 12 months from date of receipt.                             |

**WB (Western Blot)**

Western blot analysis of ZNF839 using HUVEC whole cell lysates

**IHC (Immunohistochemistry)**

AAA322712 at 1/100 staining Rat liver tissue by IHC-P. The sample was formaldehyde fixed and a heat mediated antigen retrieval step in citrate buffer was performed. The sample was then blocked and incubated with the antibody for 1.5 hours at 22 degree C. An HRP conjugated goat anti-rabbit antibody was used as the secondary.
