

## DHEAs Monoclonal Antibody | anti-DHEAs antibody

DHEAs Ab

CATALOG #  
AAA36564HOST  
Hybridization of SP2/0 myeloma cells with spleen cells from Balb/c mouse

### PRODUCT SYNONYMS

DHEAs; Monoclonal Antibody; DHEAs Ab; anti-DHEAs antibody

### PRODUCT SPECIFICATIONS

|                         |                                                                                              |
|-------------------------|----------------------------------------------------------------------------------------------|
| Host                    | Hybridization of SP2/0 myeloma cells with spleen cells from Balb/c mouse                     |
| Clonality               | Monoclonal                                                                                   |
| Isotype                 | IgG1, kappa light chain                                                                      |
| Clone Number            | DHEA 12                                                                                      |
| Specificity             | Dehydroepiandrosterone 3-sulfate: 100%<br>Dehydroepiandrosterone: 10%                        |
| Purity/Purification     | Purity: >95% by SDS-PAGE<br>Purification: DEAE chromatography                                |
| Form/Format             | Purified liquid; 0.015M potassium phosphate buffer, 0.85% NaCl, 0.05% NaN <sub>3</sub> pH7.2 |
| Concentration           | 12mg/ml (OD280nm, E <sup>0.1%</sup> =1.40) (varies by lot)                                   |
| Source                  | Mouse ascites                                                                                |
| Immunogen               | Dehydroepiandrosterone-BSA                                                                   |
| Preparation and Storage | 2-8°C for 5 years if the vial not opened, -20°C ± 10°C for 5 years.                          |

### ADDITIONAL INFORMATION

|                                                     |                                                     |
