

Guinea Pig Insulin, INS ELISA Kit | INS elisa kit

Guinea Pig Insulin, INS ELISA Kit

CATALOG #
AAA43622

REACTIVITY
Guinea Pig

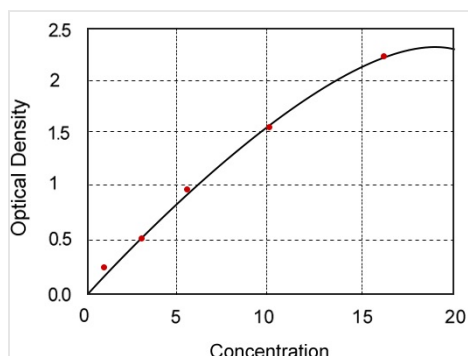

PRODUCT SYNONYMS

Insulin; INS; Guinea Pig Insulin; INS ELISA Kit; INS elisa kit

PRODUCT SPECIFICATIONS

Reactivity	Guinea Pig
Sequence Length	110
Samples	Serum, plasma, cell culture supernates, cell lysates, tissue homogenates
Assay Type	Quantitative Sandwich
Detection Range	10mU/ml - 580mU/ml
Sensitivity	1.06mU/ml
Intra-Assay	CV<8%
Inter-Assay	CV<10%
Preparation and Storage	Store at 2 to 8 degree C for 6 months.

ADDITIONAL INFORMATION

Related Product Information for INS elisa kit

Intended Uses: This sandwich kit is for the accurate quantitative detection of Guinea Pig Insulin (also known as INS) in serum, plasma, cell culture supernates, cell lysates, tissue homogenates.

Principles of the Assay: This kit is an Enzyme-Linked Immunosorbent Assay (ELISA). The plate has been pre-coated with Guinea Pig INS antibody. INS present in the sample is added and binds to antibodies coated on the wells. And then biotinylated Guinea Pig INS Antibody is added and binds to INS in the sample. Then Streptavidin-HRP is added and binds to the Biotinylated INS antibody. After incubation unbound Streptavidin-HRP is washed away during a washing step. Substrate solution is then added and color develops in proportion to the amount of Guinea Pig INS. The reaction is terminated by addition of acidic stop solution and absorbance is measured at 450 nm.

NCBI AND UNIPROT INFORMATION

NCBI GI #	386828
NCBI GeneID	3630
UniProt Accession #	P01308; Q5EEX2
Molecular Weight	21,537 Da
NCBI Official Full Name	insulin
NCBI Official Synonym Full Names	insulin
NCBI Official Symbol	INS
NCBI Official Synonym Symbols	IDDM; ILPR; IRDN; IDDM1; IDDM2; MODY10
NCBI Protein Information	insulin
UniProt Protein Name	Insulin
UniProt Gene Name	INS

For Research Use Only. Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
