

Goat LAMBDA LIGHT CHAIN Polyclonal Antibody | anti-LAMBDA antibody

GOAT ANTI HUMAN LAMBDA LIGHT CHAIN (MOUSE ADSORBED)

CATALOG # AAA50048	HOST Goat	APPLICATIONS Western Blot, Immunofluorescence, ELISA
------------------------------	---------------------	--

PRODUCT SYNONYMS

LAMBDA LIGHT CHAIN; Polyclonal Antibody; GOAT ANTI HUMAN LAMBDA LIGHT CHAIN (MOUSE ADSORBED); anti-LAMBDA antibody

PRODUCT SPECIFICATIONS

Host	Goat
Clonality	Polyclonal
Isotype	IgG
Specificity	This item recognises human lambda light chains. This item has been cross adsorbed against pooled human myeloma proteins with kappa light chains and mouse immunoglobulins.
Form/Format	Purified Purified IgG - liquid
Concentration	IgG concentration 1.0mg/ml (varies by lot)
Applicable Applications for anti-LAMBDA antibody	WB (Western Blot), IF (Immunofluorescence), ELISA
Perservative Stabilisers	0.09% Sodium Azide (NaN ₃)
Immunogen	Human myeloma proteins with lambda light chains. Buffer Solution
Antiserum Preparation	Antisera to human lambda chains were raised by repeated immunisation of goats with purified antigen. Purified IgG was prepared from whole serum by affinity chromatography.
Target Species	Human
Preparation and Storage	Store at 4 degree C or at -20 degree C if preferred. This product should be stored undiluted. Storage in frost free freezers is not recommended. Avoid repeated freezing and thawing as this may denature the antibody. Should this product contain a precipitate we recommend microcentrifugation before use. Shelf Life: 18 months from date of despatch.

ADDITIONAL INFORMATION

Related Product Information for anti-LAMBDA antibody	MBS223578 recognises human lambda light chains. MBS223578 has been cross adsorbed against pooled human myeloma proteins with kappa light chains and mouse immunoglobulins.
--	--

For Research Use Only. Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
