ADDITIONAL INFORMATION

Related Product Information for anti-PPARD antibody	Peroxisome proliferator-activated receptor beta/delta (PPAR beta/delta), a NR1 Thyroid Hormone-Like Receptor, is involved in the regulation of acyl-CoA synthetase 2 expression, lipid metabolism, embryo development, implantation, decidualization, and bone formation. PPAR beta/delta has been identified as a negative target of the APC gene and has been linked to colon cancer.
Product Categories/Family for anti-PPARD antibody	Family: NHR; Subfamily: NR1 Thyroid hormone-like
