

## Chicken major histocompatibility complex (MHC) ELISA Kit | MHC elisa kit

Chicken major histocompatibility complex (MHC) ELISA Kit

CATALOG #  
**AAA53776**

REACTIVITY  
**Chicken**

### PRODUCT SYNONYMS

major histocompatibility complex (MHC); Chicken major histocompatibility complex (MHC) ELISA Kit; MHC elisa kit

### PRODUCT SPECIFICATIONS

|                         |                                     |
|-------------------------|-------------------------------------|
| Reactivity              | Chicken                             |
| Sequence Length         | 362                                 |
| Preparation and Storage | Store all reagents at 2-8 degree C. |

### NCBI AND UNIPROT INFORMATION

|                                  |                                                                                                                                                                                                                                                                                                                                                             |
