

## Rat Integrin-linked kinase1 (ILK-1) ELISA Kit | ILK-1 elisa kit

Rat Integrin-linked kinase1 (ILK-1) ELISA Kit

CATALOG #  
**AAA54720**

REACTIVITY  
**Rat**

### PRODUCT SYNONYMS

Integrin-linked kinase1 (ILK-1); Rat Integrin-linked kinase1 (ILK-1) ELISA Kit; ILK-1 elisa kit

### PRODUCT SPECIFICATIONS

|                         |                                     |
|-------------------------|-------------------------------------|
| Reactivity              | Rat                                 |
| Sequence Length         | 318                                 |
| Preparation and Storage | Store all reagents at 2-8 degree C. |

### NCBI AND UNIPROT INFORMATION

|                                  |                                                                                                                                      |
|----------------------------------|--------------------------------------------------------------------------------------------------------------------------------------|
| NCBI GI #                        | 510785742                                                                                                                            |
| NCBI GeneID                      | 3611                                                                                                                                 |
| NCBI Accession #                 | NP_001265371.1                                                                                                                       |
| NCBI GenBank Nucleotide #        | NM_001278442.1                                                                                                                       |
| Molecular Weight                 | 44,349 Da                                                                                                                            |
| NCBI Official Full Name          | integrin-linked protein kinase isoform 3                                                                                             |
| NCBI Official Synonym Full Names | integrin-linked kinase                                                                                                               |
| NCBI Official Symbol             | ILK                                                                                                                                  |
| NCBI Official Synonym Symbols    | P59; ILK-1; ILK-2; p59ILK; HEL-S-28                                                                                                  |
| NCBI Protein Information         | integrin-linked protein kinase; integrin-linked kinase-2; epididymis secretory protein Li 28; 59 kDa serine/threonine-protein kinase |
| UniProt Protein Name             | Integrin-linked protein kinase                                                                                                       |
| UniProt Gene Name                | <b>ILK</b>                                                                                                                           |
| UniProt Synonym Gene Names       | ILK1; ILK2                                                                                                                           |
| UniProt Entry Name               | ILK_HUMAN                                                                                                                            |

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
