

Rabbit Helicobacter pylori Polyclonal Antibody

Helicobacter pylori

CATALOG # AAA58536	HOST Rabbit	APPLICATIONS Immunofluorescence, ELISA
------------------------------	-----------------------	--

PRODUCT SYNONYMS

Helicobacter pylori; Polyclonal Antibody; Helicobacter pylori Antiserum Products; anti-Helicobacter pylori antibody

PRODUCT SPECIFICATIONS

Host	Rabbit
Clonality	Polyclonal
Specificity	Whole cell lysate
Form/Format	UNCONJ
Applicable Applications for anti-Helicobacter pylori antibody	IF (Immunofluorescence), ELISA
Immunogen	Helicobacter pylori whole cells
Reactivity Note	This antiserum has not been absorbed and may react with related microorganisms.
Other Note	This antibody functions with formalin-fixed specimens in IHC. Multiple band; 28-87kDa in WB
Antiserum Characterization	(neat)

ADDITIONAL INFORMATION

Related Product Information for anti-Helicobacter pylori antibody	This product consists of the purified IgG fraction of the above antiserum prepared by methods developed by ViroStat to a purity of >95%. The product is formulated in a phosphate saline buffer (0.01M, pH 7.2) containing 0.1% sodium azide preservative. No stabilizing proteins have been added. Potential applications for this product are numerous including ELISA, fluorescence microscopy, immunoblotting and immunohistochemistry. In addition, this product may be used in place of neat antiserum in almost any appropriate antibody-based technique. It is also suitable for conjugation purposes. Protein concentration is 4-5 mg/ml. Recommended short term (<6 months) storage is liquid at 2-8 degree C. For longer term storage, aliquot and freeze. Unit size is 1.0 ml. This antibody functions with formalin treated specimens.
Product Categories/Family for anti-Helicobacter pylori antibody	OMNITOPE Polyclonal Antibodies

For Research Use Only. Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
