

## Monkeypox (MPXV) A29L Monoclonal Antibody | anti-MPXV antibody

Anti-Monkeypox (MPXV) A29L Monoclonal Antibody

CATALOG #  
**AAA62243**

APPLICATIONS  
**Neutralization Assay, ELISA**

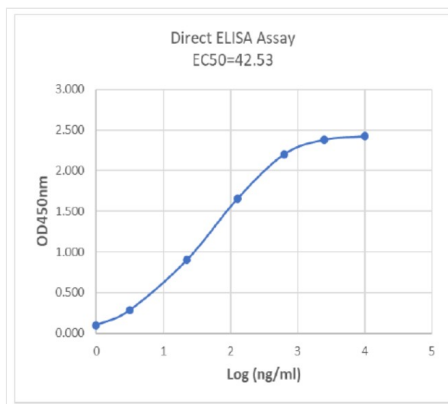

### PRODUCT SYNONYMS

Monkeypox (MPXV) A29L; Monoclonal Antibody; Anti-Monkeypox (MPXV) A29L Monoclonal Antibody; Mpox; anti-MPXV antibody

### PRODUCT SPECIFICATIONS

|                                                |                                                                                   |
|------------------------------------------------|-----------------------------------------------------------------------------------|
| Clonality                                      | Monoclonal                                                                        |
| Isotype                                        | Mouse IgG2a, lambda                                                               |
| Specificity                                    | Detects Monkeypox virus A29L                                                      |
| Purity/Purification                            | Protein A/G chromatography                                                        |
| Concentration                                  | 0.5 mg/ml in PBS, pH7.4 (varies by lot)                                           |
| Applicable Applications for anti-MPXV antibody | NTRL (Neutralization Assay), ELISA                                                |
| Preparation and Storage                        | Store at -20 oC; Stable for 1-months from the date of shipment when kept at 4 oC. |
