

## Rat Macrophage Inflammatory Protein 3 Alpha (MIP3a) ELISA Kit | MIP3a elisa kit

Rat Macrophage Inflammatory Protein 3 Alpha (MIP3a) ELISA Kit

CATALOG #  
**AAA63478**

REACTIVITY  
**Rat**

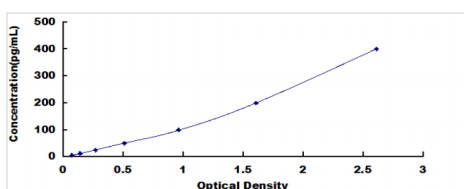

### PRODUCT SYNONYMS

Macrophage Inflammatory Protein 3 Alpha (MIP3a); Rat Macrophage Inflammatory Protein 3 Alpha (MIP3a) ELISA Kit; CCL20; CKb4; LARC; MIP3-A; SCYA20; ST38; Small Inducible Cytokine Subfamily A(Cys-Cys)Member 20; Beta-Chemokine Exodus-1; Liver And Activation-Regulated Chemokine; MIP3a elisa kit

### PRODUCT SPECIFICATIONS

|                         |                                                                                                                                                                                                            |
|-------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Reactivity              | Rat                                                                                                                                                                                                        |
| Sequence Length         | 96                                                                                                                                                                                                         |
| Samples                 | Serum, plasma, tissue homogenates, cell lysates, cell culture supernates and other biological fluids.                                                                                                      |
| Assay Type              | Sandwich                                                                                                                                                                                                   |
| Detection Range         | 6.25-400pg/mL                                                                                                                                                                                              |
| Sensitivity             | 2.45pg/mL                                                                                                                                                                                                  |
| Intra Assay             | CV<10%                                                                                                                                                                                                     |
| Inter Assay             | CV<12%                                                                                                                                                                                                     |
| Preparation and Storage | For unopened kit, all reagents should be kept according to the labels on vials. The TMB Substrate, Wash Buffer, Stop Solution should be stored at 4 degree C. All others should be stored at -20 degree C. |

|                                  |                               |
|----------------------------------|-------------------------------|
| NCBI GI #                        | 9507069                       |
| NCBI GeneID                      | 29538                         |
| NCBI Accession #                 | NP_062106.1                   |
| NCBI GenBank Nucleotide #        | NM_019233.1                   |
| UniProt Accession #              | P97884                        |
| Molecular Weight                 | 10,875 Da                     |
| NCBI Official Full Name          | C-C motif chemokine 20        |
| NCBI Official Synonym Full Names | C-C motif chemokine ligand 20 |

|                               |                           |
|-------------------------------|---------------------------|
| NCBI Official Symbol          | Ccl20                     |
| NCBI Official Synonym Symbols | ST38; Scya20              |
| NCBI Protein Information      | C-C motif chemokine 20    |
| UniProt Protein Name          | C-C motif chemokine 20    |
| UniProt Gene Name             | <b>Ccl20</b>              |
| UniProt Synonym Gene Names    | Scya20; St38; MIP-3-alpha |

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
