

## Mouse anti Human IgG4 Secondary Antibody | IgG4 secondary antibody

Mouse anti Human IgG4

CATALOG #  
**AAA74412**

HOST  
**Mouse**

### PRODUCT SYNONYMS

Mouse anti Human IgG4; Monoclonal Human IgG4; Anti-Human IgG4; Immunoglobulin G4; IgG4 secondary antibody

### PRODUCT SPECIFICATIONS

|                         |                                                                                     |
|-------------------------|-------------------------------------------------------------------------------------|
| Host                    | Mouse                                                                               |
| Isotype                 | IgG1                                                                                |
| Clone Number            | 5C7                                                                                 |
| Specificity             | No allotype restriction. Fc-region specific. Subclass-specific for human IgG4.      |
| Form/Format             | Protein A Sepharose purified liquid in PBS, pH 7.4, with 0.09% sodium azide.        |
| Concentration           | 5.6 mg/ml by spectrophotometry at A280 (extinction coefficient 1.4) (varies by lot) |
| Immunogen               | IgG4 from human serum.                                                              |
| Preparation and Storage | Store at 2-8 degree C.                                                              |

### ADDITIONAL INFORMATION

Product Categories/Family for IgG4 secondary antibody      Immunology; Unconjugated Secondary Antibodies

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
