

## Mouse Cadherin, Neuronal ELISA Kit | CDHN elisa kit

Mouse Cadherin, Neuronal ELISA Kit

|                              |                            |
|------------------------------|----------------------------|
| CATALOG #<br><b>AAA82956</b> | REACTIVITY<br><b>Mouse</b> |
|------------------------------|----------------------------|

### PRODUCT SYNONYMS

Cadherin; Neuronal; Mouse Cadherin; Neuronal ELISA Kit; CDHN elisa kit

### PRODUCT SPECIFICATIONS

|                         |                                                                            |
|-------------------------|----------------------------------------------------------------------------|
| Reactivity              | Mouse                                                                      |
| Samples                 | Serum, plasma, Cell Culture Supernatants, body fluid and tissue homogenate |
| Assay Type              | Sandwich                                                                   |
| Detection Range         | 250-5000pg/mL                                                              |
| Sensitivity             | 1.0pg/mL                                                                   |
| Preparation and Storage | Store all reagents at 2-8 degree C.                                        |

|----------------------------------------------|-------------------------------------|

### NCBI AND UNIPROT INFORMATION

|                                  |                                                          |
|----------------------------------|----------------------------------------------------------|
| NCBI GI #                        | 119621646                                                |
| NCBI GeneID                      | 1000                                                     |
| Molecular Weight                 | 99,809 Da                                                |
| NCBI Official Full Name          | cadherin 2, type 1, N-cadherin (neuronal), isoform CRA_b |
| NCBI Official Synonym Full Names | cadherin 2, type 1, N-cadherin (neuronal)                |

|                               |                                                                                                                                             |
|-------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------|
| NCBI Official Symbol          | CDH2                                                                                                                                        |
| NCBI Official Synonym Symbols | CDHN; NCAD; CD325; CDw325                                                                                                                   |
| NCBI Protein Information      | cadherin-2; N-cadherin 1; neural cadherin; neural-cadherin; cadherin 2, N-cadherin (neuronal); calcium-dependent adhesion protein, neuronal |
| UniProt Protein Name          | Cadherin-2                                                                                                                                  |
| UniProt Gene Name             | <b>CDH2</b>                                                                                                                                 |
| UniProt Synonym Gene Names    | CDHN; NCAD; N-cadherin                                                                                                                      |
| UniProt Entry Name            | CADH2_HUMAN                                                                                                                                 |

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
