

## Rat Nuclear RNA Export Factor 1 ELISA Kit | NXF1 elisa kit

Rat Nuclear RNA Export Factor 1 ELISA Kit

|                              |                          |
|------------------------------|--------------------------|
| CATALOG #<br><b>AAA85869</b> | REACTIVITY<br><b>Rat</b> |
|------------------------------|--------------------------|

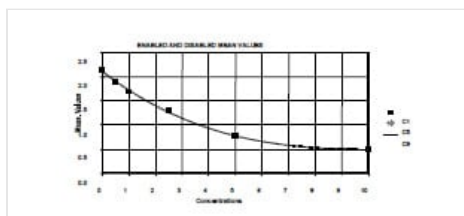

### PRODUCT SYNONYMS

Nuclear RNA Export Factor 1; Rat Nuclear RNA Export Factor 1 ELISA Kit; NXF1 elisa kit

### PRODUCT SPECIFICATIONS

|                            |                                                                            |
|----------------------------|----------------------------------------------------------------------------|
| Reactivity                 | Rat                                                                        |
| Samples                    | Serum, plasma, Cell Culture Supernatants, body fluid and tissue homogenate |
| Assay Type                 | Competitive                                                                |
| Detection Range            | 50-1000pg/mL                                                               |
| Sensitivity                | 1.0pg/ml                                                                   |
| Highest Standards          | 1000pg/mL                                                                  |
| Concentration of Standards | Concentration of Standards                                                 |
| Preparation and Storage    | Store all reagents at 2-8 degree C.                                        |

### NCBI AND UNIPROT INFORMATION

|                                  |                                       |
|----------------------------------|---------------------------------------|
| NCBI GI #                        | 125625324                             |
| NCBI GeneID                      | 10482                                 |
| NCBI Accession #                 | NP_001074960.1                        |
| NCBI GenBank Nucleotide #        | NM_001081491.1                        |
| Molecular Weight                 | 40,476 Da                             |
| NCBI Official Full Name          | nuclear RNA export factor 1 isoform 2 |
| NCBI Official Synonym Full Names | nuclear RNA export factor 1           |
| NCBI Official Symbol             | NXF1                                  |
| NCBI Official Synonym Symbols    | TAP; MEX67                            |

|                            |                                                                                                                               |
|----------------------------|-------------------------------------------------------------------------------------------------------------------------------|
| NCBI Protein Information   | nuclear RNA export factor 1; mRNA export factor TAP; tip-associated protein; tip associating protein; tip-associating protein |
| UniProt Protein Name       | Nuclear RNA export factor 1                                                                                                   |
| UniProt Gene Name          | <b>NXF1</b>                                                                                                                   |
| UniProt Synonym Gene Names | TAP                                                                                                                           |
| UniProt Entry Name         | NXF1_HUMAN                                                                                                                    |

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
