

## Rat Alpha B-Crystallin ELISA Kit | CRYAB elisa kit

Rat Alpha B-Crystallin ELISA Kit

CATALOG #  
**AAA87861**

REACTIVITY  
**Rat**

### PRODUCT SYNONYMS

Alpha B-Crystallin; Rat Alpha B-Crystallin ELISA Kit; CRYAB elisa kit

### PRODUCT SPECIFICATIONS

|                         |                                                                            |
|-------------------------|----------------------------------------------------------------------------|
| Reactivity              | Rat                                                                        |
| Samples                 | Serum, plasma, Cell Culture Supernatants, body fluid and tissue homogenate |
| Assay Type              | Sandwich                                                                   |
| Detection Range         | 1.0-25ng/mL                                                                |
| Sensitivity             | 0.1ng/mL                                                                   |
| Preparation and Storage | Store all reagents at 2-8 degree C.                                        |

### NCBI AND UNIPROT INFORMATION

|                           |                          |
|---------------------------|--------------------------|
| NCBI GI #                 | 337756594                |
| NCBI GeneID               | 791109                   |
| NCBI Accession #          | NP_001229681.1           |
| NCBI GenBank Nucleotide # | NM_001242752.1           |
| NCBI Official Full Name   | alpha-crystallin B chain |

|                          |                          |
|--------------------------|--------------------------|
| NCBI Official Symbol     | CRYAB                    |
| NCBI Protein Information | alpha-crystallin B chain |

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
