

Sheep Pirin ELISA Kit | PIR elisa kit

Sheep Pirin ELISA Kit

CATALOG #
AAA90704

REACTIVITY
Sheep

PRODUCT SYNONYMS

Pirin; Sheep Pirin ELISA Kit; PIR elisa kit

PRODUCT SPECIFICATIONS

Reactivity	Sheep
Samples	Serum, plasma, Cell Culture Supernatants, body fluid and tissue homogenate
Assay Type	Competitive
Sensitivity	0.1 ng/mL.
Intended Uses	This PIR ELISA kit is a 1.5 hour solid-phase ELISA designed for the quantitative determination of Sheep PIR. This ELISA kit for research use only, not for therapeutic applications!
Preparation and Storage	Store all reagents at 2-8 degree C.

ADDITIONAL INFORMATION

Related Product Information for PIR elisa kit

Principle of the Assay: PIR ELISA kit applies the competitive enzyme immunoassay technique utilizing a monoclonal anti-PIR antibody and an PIR-HRP conjugate. The assay sample and buffer are incubated together with PIR-HRP conjugate in pre-coated plate for one hour. After the incubation period, the wells are decanted and washed five times. The wells are then incubated with a substrate for HRP enzyme. The product of the enzyme-substrate reaction forms a blue colored complex. Finally, a stop solution is added to stop the reaction, which will then turn the solution yellow. The intensity of color is measured spectrophotometrically at 450nm in a microplate reader. The intensity of the color is inversely proportional to the PIR concentration since PIR from samples and PIR-HRP conjugate compete for the anti-PIR antibody binding site. Since the number of sites is limited, as more sites are occupied by PIR from the sample, fewer sites are left to bind PIR-HRP conjugate. A standard curve is plotted relating the intensity of the color (O.D.) to the concentration of standards. The PIR concentration in each sample is interpolated from this standard curve.

Product Categories/Family for PIR elisa kit

Cell Biology

NCBI AND UNIPROT INFORMATION

NCBI GI #	49456601
Molecular Weight	32,113 Da
NCBI Official Full Name	PIR, partial
UniProt Protein Name	Pirin
UniProt Gene Name	PIR
UniProt Synonym Gene Names	Probable quercetinase
UniProt Entry Name	PIR_HUMAN

For Research Use Only. Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
