

## Guinea Pig Pim-1 Oncogene ELISA Kit | PIM1 elisa kit

Guinea pig Pim-1 Oncogene ELISA Kit

CATALOG #  
**AAA97267**

REACTIVITY  
**Guinea Pig**

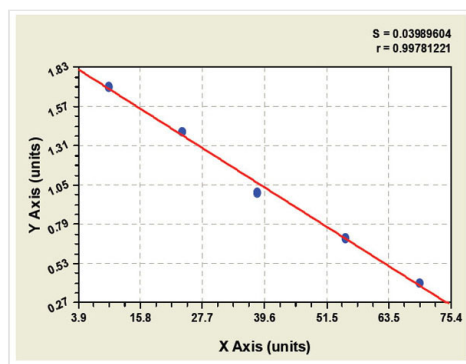

### PRODUCT SYNONYMS

Pim-1 Oncogene; Guinea pig Pim-1 Oncogene ELISA Kit; PIM1 elisa kit

### PRODUCT SPECIFICATIONS

|                         |                                                                                                                                                                                             |
|-------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Reactivity              | Guinea Pig                                                                                                                                                                                  |
| Samples                 | Serum, plasma, Cell Culture Supernatants, body fluid and tissue homogenate                                                                                                                  |
| Assay Type              | Competitive                                                                                                                                                                                 |
| Detection Range         | 2.5-50ng/mL                                                                                                                                                                                 |
| Sensitivity             | 0.1ng/mL                                                                                                                                                                                    |
| Intended Uses           | This PIM1 ELISA kit is a 1.5 hour solid-phase ELISA designed for the quantitative determination of Guinea pig PIM1. This ELISA kit for research use only, not for therapeutic applications! |
| Preparation and Storage | Store all reagents at 2-8 degree C.                                                                                                                                                         |

### NCBI AND UNIPROT INFORMATION

|                         |                |
|-------------------------|----------------|
| NCBI GI #               | 18044378       |
| NCBI GeneID             | 5292           |
| Molecular Weight        | 35,686 Da      |
| NCBI Official Full Name | Pim-1 oncogene |

|                                  |                                                                                                                                                                                       |
|----------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| NCBI Official Synonym Full Names | Pim-1 proto-oncogene, serine/threonine kinase                                                                                                                                         |
| NCBI Official Symbol             | PIM1                                                                                                                                                                                  |
| NCBI Official Synonym Symbols    | PIM                                                                                                                                                                                   |
| NCBI Protein Information         | serine/threonine-protein kinase pim-1; Oncogene PIM1; pim-1 kinase 44 kDa isoform; pim-1 oncogene (proviral integration site 1); proto-oncogene serine/threonine-protein kinase pim-1 |
| UniProt Protein Name             | Serine/threonine-protein kinase pim-1                                                                                                                                                 |
| UniProt Gene Name                | <b>PIM1</b>                                                                                                                                                                           |
| UniProt Entry Name               | PIM1_HUMAN                                                                                                                                                                            |

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
